Ì.É. Gujarat Electricity Regulatory Commission (Electricity Supply Code & related Matters) Regulations, 2015, Notification No.4 of 2015, Clause No. 4.36:

"If the Licensee is of the opinion that provision of supply requires installation of a distribution transformer within the applicant's premises, the applicant shall make available to the Licensee a suitable room or portion of land within his premises for installation of the distribution transformer".

Ì.Ê. On the basis of area of each nearby schemes, number of units, present load requirement, future load growth forecasting, technical feasibility, maintaining healthy ring mains for ensuring reliable and quality power supply to appellant, the demand of separate space for transformer is justified as per Clause 4.36 of GERC Notification No.4 of 2015. The Appellant is directed to provide the same.
