Before the Gujarat Electricity Regulatory Commission at Gandhinagar

Case No. 1470 of 2014

Date of the Order: 31/03/2015

CORAM

Shri Pravinbhai Patel, Chairman

Dr. M. K. Iyer, Member

Shri K.M. Shringarpure, Member

ORDER

1. Background and Brief History

1.1 Background

Torrent Energy Limited (hereinafter referred to as ‘TEL’ or the ‘Petitioner’) a distribution licensee has filed a Petition under Section 62 of the Electricity Act, 2003, read in conjunction with Gujarat Electricity Regulatory Commission (Multi-Year Tariff) Regulations, 2011, for the True-up for FY 2013-14, and determination of tariff for its distribution business of Dahej supply area for the FY 2015-16 on 29th November, 2014.

The Commission conducted preliminary scrutiny and admitted the petition on 8th December, 2014 under Case No. 1470 of 2014.

1.2 Torrent Energy Limited (TEL)

Torrent Energy Limited (TEL) is a Special Purpose Vehicle (SPV), promoted by Torrent Power Limited (TEL), to fulfil its commitment to generate and distribute power as a co-developer of the Dahej Special Economic Zone.

Dahej SEZ (DSEZ) is being developed by Government of Gujarat through Gujarat Industrial Development Corporation (GIDC) and Oil and Natural Gas Corporation (ONGC). The DSEZ has been notified by the Ministry of Commerce and Industry, Government of India, vide Notification No. 2131 (E) dated 20th December, 2006, as a Multi-Product SEZ.

The Government of Gujarat has "In-principle" approved Torrent Energy Limited as the Co-developer in DSEZ area for the purpose of establishing generation and distribution facilities. Accordingly, TEL has entered into the Co-developer agreement with Dahej SEZ Ltd. (DSL), a SPV created for developing the DSEZ.

The Ministry of Commerce and Industry, Government of India, has approved TEL as a Co-developer to set up generation and distribution infrastructure in DSEZ.

The Gujarat Electricity Regulatory Commission, vide its order dated 17th November, 2009, issued orders for issue of distribution license to TEL as a second distribution licensee as per the provisions of Section 14 of the Electricity Act, 2003 for distribution of electricity in the DSEZ area. Accordingly, the Gujarat Electricity Regulatory Commission, vide its letter dated 29th December, 2009, issued the distribution license dated 18th December, 2009 to TEL.

TEL started commercial operations from 4th April, 2010 and is in the process of establishing the distribution network for power distribution to various SEZ units. TEL is also in the process of setting up a power plant (called DGEN) at Dahej. This is a green field project. The proposed capacity is tentatively expected to commence generation from April, 2015.

The distribution business of TEL is hereinafter referred to as Petitioner, or Torrent Energy Limited – Distribution (TEL-D).

1.3 Commission's Order for the Control Period

TEL-D filed its petition under the Multi-Year Tariff Framework for the control period FY 2011-12 to FY 2015-16 on 14th July, 2011, in accordance with Gujarat Electricity Regulatory Commission (Multi-Year Tariff) Regulations, 2011, notified by the Commission.

The Commission, in exercise of the powers vested in it under Sections 61, 62 and 64 of the Electricity Act, 2003, and all other powers enabling it in this behalf, and after taking into consideration the submissions made by TEL-D, the objections by various stakeholders, response of TEL-D, issues raised during the public hearing and all other relevant material, issued the Multi-Year Tariff order on 12th December, 2011 for the control period from FY 2011-12 to FY 2015-16 based on the GERC (MYT) Regulations, 2011.

1.4 Commission's Orders for Mid-term Review of Business plan for TEL-D

TEL-D filed its Petition for Mid-term Review of Business Plan and revision of ARR for balance years for FY 2014-15 and FY 2015-16 of the control period in terms of Regulation 16.2 (i) of GERC (MYT) Regulations, 2011.

The Commission in exercise of the powers vested in it under section 61, 62 and 64 of the Electricity Act, 2003 and all other powers enabling it in this behalf and after taking into consideration the submission made by TEL-D, the objections by various stakeholders, response of TEL-D, issues raised during public hearing and all other relevant material, approved the revised ARR for FY 2014-15 and FY 2015-16 in the Mid-term Review of Business Plan for TEL-D on 29th May, 2014.

The Commission issued the order for truing up for FY 2012-13 and determination of Tariff for FY 2014-15 on 29th May, 2014.

TEL-D had filed Appeals before the Hon'ble APTEL against Commission's Tariff Orders in Petition no. 1117/2011 (Appeal no. 32/2012) and Petition No. 1203/2012 (Appeal no. 214/2012). Hon'ble APTEL had issued judgements in Appeal nos. 32/2012 and 214/2012 on 03.07.2013 and 17.09.2013 respectively. The Commission has passed the consequential order on the above-mentioned APTEL Judgements on 26th May, 2014.

1.5 Admission of the Current Petition and Public Hearing Process

TEL submitted the current petition for 'truing up' for FY 2013-14 and determination of tariff for FY 2015-16 on 8th December, 2014. The Commission admitted the petition (Case No. 1470 of 2014) on 8th December, 2014.

In accordance with Section 64 of the Electricity Act, 2003, the Commission directed TEL-D to publish its application in an abridged form to ensure public participation. The Public Notice, inviting objections / suggestions from its stakeholders on the ARR petition filed by it, was published in the following newspapers on 16th December, 2014.

Sl. No.	Name of the Newspaper	Language	Date of Publication
1	Indian Express (Ahmedabad)	English	16.12.2014
2	Gujarat Samachar (Vadodara)	Gujarati	16.12.2014

The Petitioner also placed the public notice and the petition on its website (www.torrentpower.com) for inviting objections and suggestions on the petition.

The interested parties / stakeholders were asked to file their objections / suggestions on the petition on or before 16th January, 2015.

Some of the consumers/consumer organisations requested for extension of last date for submission of objections. The Commission granted extension of time up to 25th January, 2015.

The Commission received objections / suggestions from 6 consumer / consumer organizations. The Commission examined the objections / suggestions received and scheduled the public hearing on 12th February, 2015 and 19th February, 2015 at the Commission's Office at Gandhinagar and subsequently a communication was sent to the objectors to take part in the public hearing process for presenting their views in person before the Commission. The public hearing was conducted in Commission's Office in Gandhinagar on above dates.

The names of the stakeholders who filed their objections and the objectors who participated in the public hearing for presenting their objections are given below:

Sl. No.	Name of Stakeholders	Participated in the Public Hearing
1.	Akhil Gujarat Grahak Sewa Kendra	No
2.	Laghu Udyog Bharati - Gujarat	Yes
3.	Shri Amarsinh Chavda	Yes
4.	Ahmedabad Textile Mills' Association (ATMA)	No
5.	Utility Users' Welfare Association (UUWA)	Yes
6.	Gujarat Wind Farms Ltd.	No

A short note on the main issues raised by the objectors in the submissions with respect to the petition along with the response of TEL-D and the Commission's views on the response are briefly given in Chapter 3.

1.6 Contents of this order

The order is divided into nine chapters as under:

1. The **first** chapter provides a brief background regarding the Petitioner, the petition on hand and details of the public hearing process and the approach adopted in this Order.
2. The **second** chapter outlines the summary of TEL-D's petition.
3. The **third** chapter deals with the public hearing process, including the objections raised by various stakeholders, TEL-D's response and Commission's views on the response.
4. The **fourth** chapter focuses on the details of truing up for FY 2013-14.
5. The **fifth** chapter deals with the determination of tariff for FY 2015-16.
6. The **sixth** chapter deals with the FPPPA charges.
7. The **seventh** chapter outlines the wheeling charges and cross-subsidy surcharge
8. The **eight** chapter deals with compliance of directives and issue of fresh directives.

1.7 Approach of this Order

The GERC (MYT) Regulations, 2011, provide for truing up of the previous year, and determination of tariff for the ensuing year. The Commission had approved the ARR for the five years of the second control period from FY 2011-12 to FY 2015-16 in the MYT Order dated 6th September, 2011.

TEL has approached the Commission with the present Petition for "truing up" for the FY 2013-14 and determination of tariff for the FY 2015-16.

The Commission has undertaken truing up for the FY 2013-14, including computation of gains and losses for the FY 2013-14, based on the submissions of the petitioner and the audited annual accounts made available by the petitioner.

While truing up for FY 2013-14, the Commission has been primarily guided by the following principles:

1. Controllable parameters have been considered at the level as approved under the MYT order, unless the Commission considers that there are valid reasons for revising the same
2. Un-controllable parameters have been revised, based on the actual performance observed.

The truing up for the FY 2013-14 has been considered, based on the GERC (MYT) Regulations, 2011. For determination of the ARR for FY 2015-16, the Commission has considered the ARR for FY 2015-16, as approved in the Mid-term Review Order.

2. Summary of TEL-D's Petition

Torrent Energy Limited (TEL) submitted the current petition, seeking approval of True-up for ARR of FY 2013-14 and determination of tariff for the FY 2015-16. The petitioner has also submitted a tariff proposal for FY 2015-16, based on the estimated revenue gap for the FY 2013-14 and ARR of FY 2015-16, taking into account the Mid-term Review of the Business Plan.

2.1 Actuals for FY 2013-14 Submitted by TEL-D

The details of expenses under various heads of ARR are given in Table 2.1 below:

Table 2.1: Actual Claimed by TEL-D for FY 2013-14

(Rs. Crore)

Annual Revenue Requirement	Approved in MYT Order	Actual as per TEL-D
Power Purchase Cost	602.61	31.64
O&M Expenses	2.53	2.56
Interest on Loans	14.75	7.19
Interest on Security Deposit	2.80	1.18
Interest on Working Capital	1.46	0
Depreciation	12.66	3.26
Provision for Bad Debt	0	0
Contingency Reserve	1.35	0.62
Return on Equity	9.50	3.63
Tax	0	0
Less: Non-Tariff Income	0.20	1.53
Annual Revenue Requirement	**647.46**	**48.55**

2.2 Summary of ARR, Revenue at Existing Tariff and Proposed Revenue Gap

The Table below summarises the proposed ARR claimed by TEL-D for truing up, revenue from sale of power at the existing tariff and the revenue gap estimated for FY 2013-14.

Table 2.2: True-up ARR claimed by TEL-D for FY 2013-14

(Rs. Crore)

Particulars	FY 2013-14
ARR as per MYT order (A)	647.46
Gain/(loss) due to Uncontrollable Factors (B)	598.94
Gain/(loss) due to Controllable Factors (C)	(0.04)
Pass through as tariff [D=(B+1/3rd of C)]	(598.93)
Revised ARR for True-up for FY 2012-13 [E=A+D]	48.53

The Table below summarises the Gap/Surplus for Ahmedabad supply area for FY 2013-14.

Table 2.3: Revenue Gap/ (Surplus) for Dahej Supply Area for FY 2013-14

(Rs. Crore)

Particulars	Claimed in Truing up for FY 2013-14
Total Trued up ARR for FY 2013-14	48.53
Revenue from sale of Energy	52.00
Less: Revenue approved towards recovery of Earlier Years Gap	0.70
Balance Revenue	**51.30**
Gap/(Surplus)	(2.77)

TEL-D has requested the Commission to approve the surplus of Rs. 2.77 Crore arrived at as part of truing up process.

2.3 ARR, revenue at existing tariff, revenue gap and tariff proposal for FY 2015-16

TEL-D has considered the Revised ARR of Rs. 79.10 Crore for FY 2015-16, submitted in the Mid-term Review for the purpose of determination of tariff for FY 2015-16. The gap arrived at for FY 2015-16, considering the revenue from sale of power, including revenue from the base level of FPPPA, is as given in the Table below:

Table 2.4: Revenue Gap of Dahej Supply Area for FY 2015-16

(Rs. Crore)

Particulars	Amount
Revised ARR for FY 2015-16	79.10
Less: Revenue from Sales of Power at Existing Tariff Rates including FPPPA @ Rs. 0.62 per unit	84.19
Net Gap/(Surplus)	**(5.09)**
Gap / (surplus) of FY 2013-14	(2.77)
Carrying Cost as per APTEL Judgement	1.03
Clarification / Rectification Order	(0.39)
Net Gap / (Surplus) of FY 2015-16	**(5.09)**
Cumulative Gap / (Surplus) to be recovered through tariff	**(7.21)**

TEL-D has proposed to continue to charge existing tariff.

2.4 TEL-D's Request to the Commission

TEL-D has requested the Commission to:

a) Admit the petition for True-up of FY 2013-14 and determination of tariff for FY 2015-16
b) Approve the trued up gap / (surplus) of FY 2013-14 as per the truing up.
c) Approve the sharing of gains/ losses as proposed by TEL-D for FY 2013-14.

d) Approve the gap / (Surplus) for FY 2015-16.

e) Approve the wheeling ARR and corresponding charges for wheeling of electricity with effect from 1st April, 2015.

f) Allow recovery at existing tariff along with base FPPPA for its Dahej supply area.

g) Allow adjustments as per the judgements of the Hon'ble Tribunal.

h) Allow additions / alterations / changes / modifications to the application at a future date.

i) Permit the Petitioner to file all necessary pleading and documents in the proceeding and documents from time to time for effective consideration of the proceeding.

j) Allow any other relief, order or direction which the Commission deems fit to be issued.

k) Condone any inadvertent omissions / errors / rounding off difference / shortcomings.

3. Brief outline of objections raised, response from TEL-D and Commission's view

3.0 Stakeholders' suggestions / objections, Petitioner's Response and Commission's observation

In response to the public notice inviting objections/suggestions from stakeholders on the Petition filed by TEL-D for Truing up of FY 2013-14 and determination of Tariff for FY 2015-16 under GERC (MYT) Regulations, 2011, a number of Consumers / organisations filed their objections / suggestions in writing. Some of these objectors participated in the public hearing also. It is observed that the objections / suggestions filed by and large are repetitive in nature. The Commission has addressed the objections / suggestions by the consumer/consumers organisations, the response from the Petitioner and the view of the Commission as given below:

3.1 Tariff Hike

Objection

Tariff hike as requested by Government Companies and TPL is not viable as per the Constitution, tax cannot be levied on electricity and the electricity bills are high.

Response of TEL-D

The objection does not pertain to TEL-D. The issues raised are covered in the reply on behalf of TPL (D).

Commission's Observation

The response of TEL-D is noted.

3.2 Category-wise Electricity Tariffs

Objection

Category-wise Electricity Tariffs are not fixed as provided in the Electricity Act, 2003. As per unit cost of Electricity is remaining under opaque cover of net revenue projection.

Response of TEL-D

Section 45 of the Electricity Act provides for determination of fixed charges for recovery of the cost. The standard tariff philosophy also provides for determination of two part tariff i.e., fixed/demand charges and variable charges.

Commission's Observation

The response of TEL-D is noted.

3.3 Excess to Tariff Schedule

Objection

Any amount recovered by retail supply tariff from the consumer in excess to tariff schedule is refundable to consumer.

Response of TEL-D

TEL-D does not recover any charges in excess to the tariff approved by the Commission.

Commission's Observation

The response of TEL-D is noted.

3.4 Depreciation

Objection

Depreciation reserve is required to be bifurcated in two parts. The interest on depreciation reserve of consumer contribution shall be given credit in ARR True-up.

Response of TEL-D

The depreciation is an eligible item of expense in computation of ARR as per GERC Regulations, 2011. The total depreciation for the year is reduced to the extent of assets financed towards service line contribution as the Petitioner does not charge the same as depreciation to P&L.

Commission's Observation

The response of TEL-D is noted.

3.5 Third party Validation Report

Objection

All the receipts as per GERC (MYT) Regulations, 2011 and financial reports are required to be shown which is not done. The third party validation report of the unit cost for True-up proposal is not found.

Response of TEL-D

All the required information of arriving ARR and corresponding gap/(surplus) in the Petition is in accordance with the GERC (MYT) Regulations, 2011.

Commission's Observation

TEL-D provides data/information required as per GERC (MYT) Regulation, 2011.

3.6 TEL-D Cost are included in TPL

Objection

As per Mittal and Co. Audit Report, TEL-D costs are included in the TPL Accounts. Advertisements costs are also are included in TPL Accounts.

Response of TEL-D

It has not found by objection on TEL-D. Hence no separate reply on behalf of TEL-D is given. All issues raised are included in TPL Account.

Commission's Observation

The response of TEL-D is noted.

3.7 Open Access to consumers

Objection

The Ahmedabad Textile Mills' Association raised the issue connected with approval of Open Access to consumers.

Response of TEL-D

It has not found any objection on TEL-D. All issues raised are covered in the reply on behalf of TPL-D.

Commission's Observation

The response of TEL-D is noted.

3.8 Accounting Statement

Objection

Utility Users' Welfare Association requested the Commission not to determine the tariff and not to approve the Truing up in the absence of the important documents and Accounts Statement.

Response of TEL-D

TEL-D has furnished the Accounting Statement of Dahej Supply Area duly certified by the Statutory Auditors of the Company for the FY 2013-14 in accordance with statutory provision. The same has been also made available to the stakeholders.

Commission's Observation

The response of TEL-D is noted.

3.9 Account for FY 2014-15 are not provided

Objection

Present Petition has no supporting details as to justify the reasonableness of the forecast and projections for the ARR for FY 2014-15 as there is no Accounting Statement provided with the Petition. Hence there is no justification for the correctness of the projected expenditure for FY 2015-16.

Response of TEL-D

The Commission has considered and approved the ARR for FY 2015-16 and the revenue has been computed on the approved sales as per Commission's Order dated 29th May, 2014.

Commission's Observation

The response of TEL-D is noted.

3.10 Revenue from Sale of Power

Objection

Only revenue from sale of power is focused without quantum. The Commission is requested to direct the Petitioner, TEL-D to provide the estimated sale of power and revenue.

Response of TEL-D

The details are furnished, sales are furnished in the D-4 Form of the Petition along with estimated revenue based on the tariff schedule.

Commission's Observation

The response of TEL-D is noted.

3.11 T&D Loss

Objection

T&D loss is low, but transmission loss is considered very high which is more than 4%.

Response of TEL-D

The transmission loss is towards the usage of transmission network and shall be considered as per actual during truing up.

Commission's Observation

The response of TEL-D is noted.

3.12 No Tariff Hike

Objection

It is good that TEL-D has shown surplus of Rs. 5.09 Crore without asking for tariff increase. The power procurement for Dahej Area is not from Torrent generation facilities.

Investment in augmentation of the system is proposed without any forecast and any base.

Response of TEL-D

Investments are made to cater consumers load demand and to provide reliable quality supply to its consumers.

Commission's Observation

The response of TEL-D is noted.

3.13 Distribution Cost

Objection

The distribution cost at Rs. 1.47/ KWh which can be said is double the cost set by Forum of Regulations.

The Commission is requested to look into account statement of TEL-D before approving ARR of FY 2015-16

Response of TEL-D

The unit cost for distribution would work out higher due to lower utilisation of the capacity created as many units are still in construction phase and commercial operation has not started.

The Petitioner prepares and maintains the accounts as per the Accounting Standards specified by the Institute of Chartered Accountants of India in accordance with the Companies Act, 1956 and the Accounts are audited by the Statutory Auditors.

Commission's Observation

The response of TEL-D is noted.

3.14 Energy Sales

Objection

TEL-D has mentioned delay in development of SEZ units because of domestic and international slow down. The reasons assigned by TEL-D seem to be far from the facts because as per the Socio Economic Review of FY 2013-14 published by GOG shows the growth of 8.5% in the State.

Response of TEL-D

There has been delay in the development of SEZ units due to domestic and global financial meltdown. The actual sales for FY 2013-14 are lower than approved in MYT Tariff Order.

Commission's Observation

The response of TEL-D is noted.

3.15 Consumers numbers are not submitted

Objection

TEL has not submitted the number of consumers of various categories.

Response of TEL-D

The details of the number of consumers category-wise for TEL-D for FY 2013-14 are as under:

Category-Wise No of Consumers	FY 2013-14
Non RGP	15
LTMD	5
HTP-I	21
HTP-II	1
HTP-III	12
SL	11
TMP	19
Total	**84**

Commission's Observation

The response of TEL-D is noted.

3.16 Power Purchase Cost is quite competitive and admirable

Objection

The Power Purchase Cost is quite competitive and admirable, but distribution cost at Rs. 1.99/kWh is too high. The Commission is requested to get the account audited and then approve the truing up of FY 2013-14.

Response of TEL-D

The Petitioner would like to reiterate that it prepares and maintains the accounts as per the accounting standards specified by the Institute of Chartered Accountants and audited by the statutory auditors.

Commission's Observation

The response of TEL-D is noted.

3.17 RPPO

Objection

TEL-D has not been following the RPPO obligation as per Regulations of GERC and have purchased REC of Rs. 0.67 Crore. The REC should not be allowed as TEL-D has not purchased the power from renewable sources. The Commission also has not approved the cost of REC in the MYT Order, hence should not be allowed.

Response of TEL-D

The Petitioner has made all efforts to fulfil its Renewable Power Purchase Obligation. However due to supply constraints, the Petitioner was not able to purchase the Renewable Energy and had purchased REC in accordance with the GERC Regulations. Hence purchase of REC need to be allowed as per actual.

Commission's Observation

The Commission has directed TEL-D to meet the RPPO targets.

3.18 Capital Expenditure

Objection

TEL-D has deferred the capital expenditure to the future years to come as the growth is slow. The Commission should call a certificate from CEI as to verify the capital expenditure.

Response of TEL-D

The Petitioner incurs the capital expenditure based on the existing load, estimated growth and network conditions.

Commission's Observation

The response of TEL-D is noted.

4. Truing up of FY 2013-14

4.0 Introduction

The Petitioner, in its petition for truing up of FY 2013-14 has furnished the actuals of energy sales, expenditure and revenue for FY 2013-14 based on the Audited Annual Accounts for FY 2013-14. It is submitted that the truing up of FY 2013-14 is on the basis of audited accounts.

The Commission has analysed the components of the actual energy sales, expenses and revenue under truing up for FY 2013-14.

GERC (MYT) Regulations, 2011 specify that the Commission shall undertake the truing up of expenses and revenue of licensee for the previous year, i.e., FY 2013-14, based on actuals as per Audited Accounts for FY 2013-14 and approved values for FY 2013-14 in the MYT Order.

4.1 Energy Sales

Petitioner's Submission:

The Petitioner has submitted that the actual energy sales for FY 2013-14 are 85.06 MU, as against the approved sales of 1257.33 MU in the MYT Order dated 12th December, 2011.

Table 4.1: Energy sales for FY 2013-14

(MU)

Particulars	**Approved in the MYT Order for FY 2013-14**	**Actual for FY 2013-14**
Energy Sales (MU)	1257.33	85.06

TEL has submitted that there has been a delay in the development of SEZ units due to domestic and global financial meltdown and change in the Tax structure. Further, OPAL the anchor Company of DSEZ is lagging in the project implementation plan. The Ancillary industries which are dependent on the by-products of OPAL have yet to implement their projects. Thus the actual sales in FY 2013-14 are lower than the sales approved in MYT Order.

Commission's Analysis

In view of what has been stated above by the Petitioner, the Commission approves the energy sales of 85.06 MU for FY 2013-14.

4.2 Distribution Losses

Petitioner's Submission

The Petitioner has submitted that it has been making all efforts to contain the distribution losses. Consequent to the efforts, it has outperformed the distribution losses approved by the Commission. The distribution losses are 0.81% as against 3.00% approved in the MYT Order.

Commission's Analysis

TEL-D has submitted that the actual distribution loss is 0.81% as against 3.00% approved in MYT Order.

The Commission approves the distribution loss of 0.81% for FY 2013-14, as per actuals.

4.3 Gain due to reduction in energy requirement due to reduction in distribution losses

Petitioner's Submission

TEL has not computed the gain due to reduction in distribution loss for Dahej area on account of reduction in distribution losses.

4.4 Energy Requirement

Petitioner's Submission

Based on the energy sales and the actual transmission and distribution losses for FY 2013-14, the Petitioner has calculated the energy requirement for FY 2013-14. The energy requirement, as approved for FY 2013-14 in the MYT Order and actuals now submitted by the Petitioner, are as given in Table below:

Table 4.2: Energy Requirement as submitted by TEL-D for FY 2013-14

Sl. No.	All figures in Nos.	Approved in MYT Order	Actual Submitted
1	Energy Sales (MU)	1257.33	85.06
2	Distribution Loss (%)	3.00%	0.81%
3	Distribution Loss (MU)	38.89	0.70
4	Energy Input at distribution level	1296.22	85.76
5	Transmission Loss (MU)	45.90	2.79
6	Energy Requirement (MU)	1342.12	88.55

Commission's Analysis

The Commission has approved the distribution loss at 0.81% in para 4.2 above. The Commission computed the energy requirement with distribution loss of 0.81% (0.70 MU) and transmission loss of 2.79 MU for FY 2013-14 based on actuals, as given in Table below:

Table 4.3: Energy requirement approved by the Commission for truing up for FY 2013-14

Sl. No.	Particulars	Unit	Approved in MYT Order for FY 2013-14	Actuals submitted in truing up for FY 2013-14	Approved in truing up for FY 2013-14
1	Energy sales	MU	1257.33	85.06	85.06
2	Distribution Loss	MU	38.89	0.70	0.70
3	Distribution Loss	%	3.00	0.81	0.81
4	Energy Requirement	MU	1296.22	85.76	85.75
5	Transmission Loss	MU	45.90	2.79	2.79
6	Energy Required	MU	1342.12	88.55	88.54

The Commission approves the energy requirement of 88.54 MU for truing up for FY 2013-14 as per actuals.

4.5 Availability of Power and Power Purchase Cost

Petitioner's Submission

TEL-D has submitted that the requirement of power is being met from GUVNL.

The availability of power and power purchase cost, as per MYT order and actuals, are given in Table below:

Table 4.4: Availability of Power and Power Purchase Cost for FY 2013-14

Energy Sources	Approved in MYT Order	Actual Submitted
GUVNL (MU)	1342.12	68.20
Power Exchange	-	10.75
Sale of Surplus Power/UI	-	9.60
Total (MU)	1342.12	88.55
All figures in Rs. Crore		
GUVNL	602.61	27.66
Power Exchange	-	3.31
REC	-	0.67
Total	**602.61**	**31.64**

The Petitioner has submitted that the quantum of power purchase depends on energy sales and distribution loss and the mix of power purchase depends on availability and cost of different sources at a point of time. Therefore, the Commission also classifies it as uncontrollable item except for the variation in distribution loss level.

Commission's Analysis

As verified from the Annual Accounts for FY 2013-14. TEL-D has incurred power purchase Cost of Rs. 31.64 Crore including REC 0.67 Crore during FY 2013-14.

The Commission, accordingly, approves the power purchase cost of Rs. 31.64 Crore in the truing up for FY 2013-14.

TPL has not claimed any gain on account of lower distribution losses. The entire gain on account of Power purchase cost is considered as uncontrollable since network and business of TEL-D is in developing stage. The approved gains / (losses) are given in the table below.

Table 4.5: Power Purchase Cost and Gains/(losses) approved in Truing up for FY 2013-14

(Rs Crore)

Particulars	Approved for FY 2013-14 in MYT Order	Approved in Truing up for FY 2013-14	Deviation +/(-)	Gains/ (Losses) due to Controllable Factors	Gains/ (Losses) due to Uncontrollable Factors
Power Purchase Cost	602.61	31.64	570.97		570.97

4.6 Fixed Charges

4.6.1 Operations and Maintenance (O&M) expenses

TEL-D has claimed Rs. 2.56 Crore on O&M expenses against Rs. 2.53 Crore of composite O&M expenses approved for FY 2013-14 in the MYT order dated 12th December, 2011 as detailed in the table below.

Table 4.6: O&M Expenses of Dahej Supply area in FY 2013-14

(Rs. Crore)

All figures in Rs. Crore	MYT Order	Actual
Operations & Maintenance Expenses	2.53	2.56

Petitioner's Submission

The petitioner has submitted that it has commenced the operations in Dahej SEZ only in FY 2009-10. Thus, the full infrastructure is yet to be established in the SEZ area and industrial development is likely to take place gradually with the pace of time. The petitioner has to incur the higher O&M expenses for meeting the operational requirement of servicing its consumers considering the network and business growth along with inflationary increase in expenses.

The Petitioner has further submitted that TEL-D has considered the variation in O&M expenses as controllable for the sharing of gains/losses as per the practice being followed by the Commission. However, based on the explanation given above, the Petitioner submits that the entire variation in O&M expenses should be considered as uncontrollable.

Commission's Analysis

The O&M expenses for FY 2013-14, as per audited annual accounts, are Rs. 2.56 Crore.

The Commission approves the O&M expenses at Rs. 2.56 Crore in the truing up for FY 2013-14 in line with the Audited Accounts.

With regard to variation in the O&M expenses, the Commission considers the variation in O&M expenses as controllable as per GERC (MYT) Regulations, 2011.

The O&M expenses and the Gains / Losses approved in the truing up for FY 2013-14 are given in the Table below:

Table 4.7: O&M expenses and Gains / (Losses) approved in truing up for FY 2013-14

(Rs. Crore)

Sl. No.	Particulars	Approved for FY 2013-14 in MYT order	Approved in truing – up for FY 2013-14	Deviation + / (-)	Gains / (losses) due to Controllable factor	Gains / (losses) due to uncontrollable factor
1	O&M Expenses	2.53	2.56	(0.03)	(0.03)	-

4.6.2 Capital expenditure, Capitalization and Sources of Funding

TEL-D has furnished the actual capital expenditure at Rs. 57.11 Crore in the truing up for FY 2013-14 as against Rs. 59.03 Crore approved in the MYT order for FY 2013-14 as detailed in the Table below:

Table 4.8: Capital expenditure claimed by TEL-D for FY 2013-14

(Rs. Crore)

Sl. No.	Particulars	Approved for FY 2013-14 in MYT order	Actual claimed in truing – up for FY 2013-14
1	EHV	12.08	41.70
2	HT Network	45.96	10.82
3	others	0.99	4.59
4	**Total**	**59.03**	**57.11**

Petitioner's Submission

Capital Expenditure and Capitalization

Capital Expenditure

TEL-D has submitted that the variation in capex of FY 2013-14 was mainly on account of creation of network at 220 kV. However, due to lower than anticipated growth, the expenditure incurred (33 kV and 11 kV) is lower than approved. The details of the variance in the capital expenditure are as under:

a) EHV Network (220 kV):- The Commission had approved the Capex of Rs. 12.08 Crore in current year towards the EHV network. The expenditure incurred during the year was 41.70 Crore towards execution of projects which were deferred from earlier years due to lower demand. The major expenditure for EHV network was incurred towards the following:
   - Erection of 220 kV line to supply electricity to OPaL.
   - Installation of two numbers of 220/33 kV EHV Transformers at the East phase substation along with 220 kV Bays.
   - Civil work at East phase substation for the control room building, internal shed, etc.

b) HT Network [33 kV and 11 kV]:- The Commission had approved an expenditure of Rs. 45.96 Crore whereas the actual expense incurred was Rs. 10.82 Crore. The variation is on account of deferment of expenditure due to lower than anticipated growth and lesser number of consumers. Certain projects like installation of 33 kV connectivity between East & West phase and laying of cable network at 11 kV have been deferred.

c) Others: - In this category, the actual expenditure incurred was Rs. 4.59 Crore against the approved expenditure of Rs. 0.99 Crore. The major reason for variation is the expenditure incurred towards Automation & SCADA of Rs. 4.08 Crore. This project was deferred from FY 2011-12.

Capitalization

TEL-D has claimed a sum of Rs. 57.16 Crore towards capitalization during FY 2013-14.

Commission's Analysis

Capital Expenditure and Capitalization

The net addition of assets during FY 2013-14 is Rs. 57.12 Crore as verified from the audited annual accounts of TEL-D for the FY 2013-14.

The Commission observes that the petitioner has capitalised a lower amount, as against the amount considered by the Commission in the MYT order for FY 2013-14.

The Commission approves the capitalisation at Rs. 57.12 Crore in the truing up for FY 2013-14 and source of funding as given in the Table below:

Table 4.9: Approved capitalization and sources of funding for FY 2013-14

(Rs. Crore)

Sl. No.	Particulars		Submitted in Truing up for FY 2013-14	Approved in truing up for FY 2013-14
1	Opening GFA	(a)	66.73	66.73
2	Addition to GFA	(b)	57.16	57.16
3	Deletion to GFA	(c)	0.04	0.04
4	Closing GFA	(d) = (a)+(b)-(c)	123.85	123.85
5	SLC Addition	(e)	7.84	7.84
6	Capitalization	(f) = (b)-(c)-(e)	49.28	49.28
7	Normative Debt @ 70%	(g)=(f)*70%	34.49	34.50
8	Normative Equity @ 30%	(h)+(f)*30%	14.78	14.78

4.6.3 Depreciation

TEL-D has claimed a sum of Rs. 3.26 Crore towards depreciation in the truing up for FY 2013-14, against Rs. 12.66 Crore approved in the MYT Order for FY 2013-14, as detailed in the Table below:

Table 4.10: Depreciation claimed by TEL-D for FY 2013-14

(Rs. Crore)

Sl. No.	Particulars	Approved for FY 2013-14 in MYT order	Actual claimed in truing up for FY 2013-14
1	Depreciation	12.66	3.26

Petitioner's Submission

TEL-D has submitted that the depreciation rates as per CERC (Terms and Conditions of Tariff) Regulations, 2009 are applied on the opening GFA and for the assets capitalised during the year.

Commission's Analysis

The Petitioner has computed the depreciation for FY 2013-14 by applying CERC depreciation rates, asset classification wise. As observed from the audited accounts, depreciation for the year has been shown after reducing the proportion of the amount of depreciation provided on assets created against the service line contribution.

The Commission, accordingly, approves the depreciation at Rs. 3.26 Crore in the truing up for FY 2013-14 as per audited annual accounts.

As noted in Para 4.6.4 later, the Commission is of the view that depreciation should be treated as uncontrollable. The Commission, accordingly, approves the Gains / (Losses) on account of depreciation in the truing up for FY 2013-14, as detailed in Table below:

Table 4.11: Depreciation and Gains / (Losses) due to depreciation approved in the truing up for FY 2013-14

(Rs. Crore)

Sl. No.	Particulars	Approved for FY 2013-14 in MYT order	Approved in truing up for FY 2013-14	Deviation +/(-)	Gains / (Losses) due to controllable factor	Gains / (Losses) due to uncontrollable factor
1	Depreciation	12.65	3.26	9.39	-	9.39

4.6.4 Interest expenses

TEL-D has claimed a sum of Rs. 7.19 Crore towards actual interest expenses in the truing up for FY 2013-14 as detailed in the Table below against Rs. 14.75 Crore approved in the MYT Order for FY 2013-14.

Table 4.12: Interest Expense claimed by TEL-D for Dahej Supply Area

(Rs. Crore)

Sl. No.	Particulars	FY 2013-14
1	Capitalisation during the year	57.11
2	Less: SLC	7.84
3	Capitalization for Debt	49.28
4	Normative Debt @70%	34.49
5	Operating Balance	38.54
6	Less: Repayment	3.26
7	New Borrowings	34.49
8	Closing Balance	69.77
9	Interest Expense @13.20%	7.15
10	Other Borrowing Cost	0.04
11	**Total Interest Expenses**	**7.19**

Petitioner's Submission

The petitioner has submitted that the GERC (MYT) Regulations, 2011 provide for the calculation of Interest expenses on normative basis considering the amount of depreciation of assets created as the amount of repayment. The petitioner has considered the interest expenses as per the GERC (MYT) Regulations, 2011 on normative loans. The Petitioner has calculated the interest expenses by applying the opening Weighted Average Rate of interest of actual loan portfolio at the beginning of the year (i.e. 01.04.2013), applicable to the Petitioner, on the loan component, while repayment has been considered equal to the depreciation of the assets for the year.

Commission's Analysis

TEL-D has claimed interest at 13.20%, as against 10.50% approved in the MYT order. The Commission considers the interest at 13.20% being the Weighted Average Rate of Interest of actual loan portfolio on 01.04.2013.

The closing loan of Rs. 38.54 Crore, as approved in the truing up for FY 2012-13, is considered as opening loan for FY 2013-14. The other borrowing costs are considered at Rs. 0.04 Crore as per the audited annual accounts.

The Commission has recomputed the interest on loan for FY 2013-14 as detailed in the Table below:

Table 4.13: Interest approved by the Commission in the truing up for FY 2013-14

(Rs. Crore)

Sl. No.	Particulars	Approved in truing up for FY 2013-14
1	Opening Loan	38.54
2	New loan during the year	34.50
3	Repayment during the year	3.26
4	Closing loan	69.78
5	Average loan	54.16
6	Rate of interest	13.20%
7	Interest	7.15
8	Other borrowing costs	0.04
9	Total Interest and finance charges	7.19

The Commission, accordingly, approves the interest and finance charges at Rs. 7.19 Crore in the truing up for FY 2013-14.

As regard to the computation of Gains/(Losses), Regulation 23.2 considers the variation in capitalisation on account of time and/or cost overruns / efficiencies in the implementation of capital expenditure projects, not attributable to an approved change in scope of such project, change in statutory levies or force majeure events, as a controllable factor. While approving the True-up for FY 2011-12, the Commission had considered the variation in the Capitalisation and the resultant change in depreciation, Interest on borrowings and Return on Equity as uncontrollable.

With regard to the computation of Gains / Losses, the Regulation 23.2 considers variation in capitalisation on account of time and/or cost overruns / efficiencies in the implementation of capital expenditure project, not attributable to an approved change in scope of such project, change in statutory levies or force majeure events, as a controllable factor. If the gain is on account of lesser capital expenditure and capitalization, it cannot be attributed to the efficiency of the utility to allow 2/3rd of gain to the utility. Similarly if the loss is on account of more capital expenditure and capitalization due to bonafide reasons, the utility cannot be penalised by allowing only 1/3rd of the loss in the ARR. Accordingly, the Commission decides to consider variation in capitalization as uncontrollable. Hence, the components of ARR related to capitalization, like interest and finance charges, depreciation and return on equity are considered as uncontrollable.

The Commission, accordingly, approves the Gains / Losses on account of interest and finance charges in the truing up for FY 2013-14 as detailed in the Table below:

Table 4.14: Gains / (Losses) approved in the truing up for FY 2013-14

(Rs. Crore)

Sl. No.	Particulars	Approved for FY 2013-14 in MYT order	Approved in truing up for FY 2013-14	Deviation +/(-)	Gains/ (Losses) due to controllable factor	Gains/ (Losses) due to uncontrollable factor
1	Interest on Loans	14.75	7.19	7.56	-	7.56

4.6.5 Interest on working capital

TEL-D has not claimed any sum towards interest on working capital, as against Rs. 1.46 Crore approved in the MYT Order for FY 2013-14, as detailed in the Table below:

Table 4.15: Interest on working capital claimed by for TEL-D for FY 2013-14

(Rs. Crore)

Sl. No.	Particulars	Approved for FY 2013-14 in MYT order	Actual claimed in truing up for FY 2013-14
1	O&M expenses for 1 month	0.21	0.21
2	1% of GFA for Maintenance spares	2.12	0.67

Sl. No.	Particulars	Approved for FY 2013-14 in MYT order	Actual claimed in truing up for FY 2013-14
3	Receivables for 1 month	55.51	4.33
4	Less: Security Deposit (Average)	46.62	23.22
5	Normative Working Capital	11.22	(18.01)
6	Interest Rate	11.75%	14.45%
7	Interest on working Capital	1.46	-

Petitioner's Submission

TEL-D has submitted that the interest on working capital worked out to be negative due to reduction in receivables.

Commission's Analysis

The Commission has examined the interest on working capital claimed by TEL-D for FY 2013-14. For computation of Interest on Working Capital, TEL-D has considered the average security deposit amounting to Rs. 23.22 Crore.

Regulation 41.2 (b) of GERC (MYT) Regulations, 2011 specifies that interest shall be allowed at a rate equal to the State Bank Advance Rate (SBAR) as on 1st April of the Financial year in which the petition is filed. The Commission had taken into consideration the rate of Interest at 11.75% prevailing at the time the MYT Petition was filed. The Commission while approving the interest on working capital in the truing up for FY 2011-12 decided to consider the rate SBAR prevailing as on 1st April of the financial year for which truing up is being done. The SBAR as on 1st April, 2013 is 14.45%. The Commission, accordingly, takes into consideration the SBAR of 14.45% in computation of Interest in Working Capital for FY 2013-14.

The Commission has computed the Working Capital and interest thereon, as detailed in the Table below:

Table 4.16: Interest on working capital approved for FY 2013-14

(Rs. Crore)

Sl. No.	Particulars	Actual claimed in truing up for FY 2013-14	Approved in truing up for FY 2013-14
1	O&M expenses for 1 month	0.21	0.21
2	1% of GFA for Maintenance spares	0.67	0.67
3	Receivables for 1 month	4.33	4.33
4	Less: Security Deposit (Avg.)	23.22	23.22
5	Normative Working Capital	(18.01)	(18.01)
6	Interest Rate	14.45%	14.45%
7	Interest on working Capital	Nil	Nil

The Commission, accordingly, approves the interest on working capital as Nil in the truing up for FY 2013-14 as detailed in the above Table.

The deviation is Rs. 1.45 Crore and is assessed as a gain. The Commission considers the interest on working capital as uncontrollable, since the components contributing for working capital are mostly uncontrollable.

The Commission, accordingly, approves the Gains / Losses on account of interest on working capital in the truing up for FY 2013-14, as detailed in the Table below:

Table 4.17: Interest on working capital approved for FY 2013-14

(Rs. Crore)

Sl. No.	Particulars	Approved for FY 2013-14 in MYT order	Approved in truing up for FY 2013-14	Deviation +/(-)	Gains / (Losses) due to controllable factor	Gains / (Losses) due to uncontrollable factor
1	Interest on Working Capital	1.45	-	1.45	-	1.45

4.6.6 Interest on security deposit

TEL-D has claimed a sum of Rs. 1.18 Crore towards interest on security deposit in the truing up for FY 2013-14 against Rs. 2.80 Crore approved in the MYT Order for FY 2013-14 as detailed in the Table below:

Table 4.18: Interest on security deposit claimed for TEL-D, Surat for FY 2013-14

(Rs. Crore)

Sl. No.	Particulars	Approved for FY 2013-14 in MYT order	Actual claimed in truing up for FY 2013-14
1	Interest Rate	6%	8.50%
2	Interest on Security Deposit	2.80	1.18

Petitioner's Submission

TEL-D has submitted that the actual interest expense on the security deposit is Rs. 1.18 Crore, against Rs. 2.80 approved in the MYT order, for FY 2013-14. TEL-D has further submitted that the variation in interest on security deposit is uncontrollable.

Commission's Analysis

The Commission has verified the actual interest on security deposit with the audited annual accounts and found that the actual interest is Rs. 1.18 Crore.

The Commission, accordingly, approves the interest on security deposit at Rs. 1.18 Crore in the truing up for FY 2013-14.

The deviation of Rs. 1.62 Crore is considered to be a gain on account of uncontrollable factors as detailed in the Table below:

Table 4.19: Approved Gains / (Losses) due to interest paid on security deposit in the truing up for FY 2013-14

(Rs. Crore)

Sl. No.	Particulars	Approved for FY 2013-14 in MYT order	Approved in truing up for FY 2013-14	Deviation +/(-)	Gains/ (Losses) due to controllable factor	Gains/ (Losses) due to uncontrollable factor
1	Interest on Security Deposit	2.80	1.18	1.62	-	1.62

4.6.7 Bad debt written off

TEL-D has claimed Rs. Nil towards bad debts written off in the truing up for FY 2013-14 against Rs. Nil approved in the MYT Order for FY 2013-14 as detailed in the Table below:

Table 4.20: Bad debts written off claimed for TEL-D for FY 2013-14

(Rs. Crore)

Sl. No.	Particulars	Approved for FY 2013-14 in MYT order	Actual claimed in truing up for FY 2013-14
1	Bad Debts written off	-	-

Petitioner's Submission

The Petitioner has submitted that it has not written off any bad debts during FY 2013-14.

Commission's Analysis

The Commission has verified and found that the bad debts written off with reference to the audited annual accounts for FY 2013-14 are Nil.

4.6.8 Contingency Reserve

Petitioner's Submission

TEL-D has proposed the contingency reserve at Rs. 0.62 Crore in the truing up for FY 2013-14 as against Rs. 1.35 Crore approved in the MYT order for FY 2013-14, as detailed in the Table below:

Table 4.21: Contingency Reserve claimed for TEL-D for FY 2013-14

(Rs. Crore)

Sl. No.	Particulars	Approved for FY 2013-14 in MYT order	Actual claimed in truing up for FY 2013-14
1	Contingency Reserve	1.35	0.62

Commission's Analysis

While verifying the Audited Accounts of FY 2013-14, the Commission has noted that the provision of Rs. 0.62 Crore towards contingency reserve is made by TEL-D against Rs. 1.35 Crore approved by the Commission in MYT Order dated 12th December, 2011.

Regulation 85.6 specifies that where the Distribution Licensee has made an appropriation to the Contingency Reserve, a sum not more than 0.5 per cent of the original cost of fixed assets shall be allowed annually towards such appropriation in the calculation of aggregate revenue requirement. The contingency reserve at 0.5% of Opening GFA works out to Rs. 0.33 Crore.

The Commission, accordingly, approves the contingency reserve as 0.33 Crore in the truing up for FY 2013-14 and the deviation in the contingency reserve is considered as a gain on account of uncontrollable factors.

Table 4.22: Contingency reserve and Gains / (Losses) approved in the truing up for FY 2013-14

(Rs. Crore)

Sl. No.	Particulars	Approved for FY 2013-14 in MYT order	Approved in truing up for FY 2013-14	Deviation +/(-)	Gains / (Losses) due to controllable factor	Gains / (Losses) due to uncontrollable factor
1	Contingency Reserve	1.35	0.33	1.02	-	1.02

4.6.9 Return on equity

TEL-D has claimed a sum of Rs. 3.63 Crore towards return on equity @ 14% in the truing up for FY 2013-14 as against Rs. 9.50 Crore approved in the MYT Order for FY 2013-14 as detailed in the Table below:

Table 4.23: Return on equity claimed for TEL-D for FY 2013-14

(Rs. Crore)

Sl. No.	Particulars	Approved for FY 2013-14 in MYT order	Actual claimed in truing up for FY 2013-14
1	Opening equity	59.75	18.51
2	Equity addition during the year	16.26	14.78
3	Equity at end of the year	76.01	33.30
4	Average of Opening and Closing	67.88	25.90
5	**Return on equity**	**9.50**	**3.63**

Petitioner's Submission

TEL-D has submitted that the closing balance of equity has been arrived at considering additional equity of 30% of the capitalization during the year. The return on equity has been thus computed applying a rate of 14% on the average of the opening and closing balance of equity for FY 2013-14.

Commission's Analysis

The opening equity for FY 2013-14 is as per the closing equity approved in the True-up for FY 2012-13 and the closing balance of equity has been arrived at considering the additional equity of 30% of the capitalisation during the year. The return on equity has been thus computed applying a rate of 14% on the average of the opening and closing balance of equity for FY 2013-14.

The Commission accordingly approves the return on equity at Rs. 3.63 Crore in the truing up for FY 2013-14 as given in the Table below:

Table 4.24: Return on equity approved for TEL-D for FY 2013-14

(Rs. Crore)

Sl. No.	Particulars	Actual claimed in truing up for FY 2013-14	Approved in truing for FY 2013-14
1	Opening equity	18.51	18.51
2	Equity addition during the year	14.78	14.78
3	Closing equity during the year	33.30	33.29
4	Average Equity	25.90	25.90
5	Return on Equity @ 14%	3.63	3.63

As noted in Para 4.6.4 above, the Commission is of the view that the Return on Equity should be treated as uncontrollable. The Commission, accordingly, approves the Gain / Losses on account of return on equity in the truing up for FY 2013-14, as detailed in Table below:

Table 4.25: Return on equity and Gains / (Losses) approved in the truing up for FY 2013-14

(Rs. Crore)

Sl. No.	Particulars	Approved for FY 2013-14 in MYT order	Approved in truing up for FY 2013-14	Deviation +/(-)	Gains / (Losses) due to controllable factor	Gains / (Losses) due to uncontrollable factor
1	Return on Equity	9.50	3.63	5.87	-	5.87

4.6.10 Income Tax

TEL-D has not claimed income tax in the truing up for FY 2013-14, as against Rs. 0.00 Crore approved in the MYT Order for FY 2013-14, as detailed in the Table below:

Table 4.26: Income Tax claimed for TEL-D for FY 2013-14

(Rs. Crore)

Sl. No.	Particulars	Approved for FY 2013-14 in MYT order	Actual claimed in truing up for FY 2013-14
1	Income Tax	0.00	0.00

Petitioner's Submission

TEL-D has submitted that it has not claimed any income tax for FY 2013-14 as there is a loss as per the certified financial statement of Dahej supply area PBT, as per audited accounts. TEL-D has also submitted that the variation in Income Tax be considered as uncontrollable.

Commission's Analysis

As verified from the audited annual accounts, against the Tax expenses the current tax is Nil.

The Commission, accordingly, does not approve any the income tax in the truing up for FY 2013-14.

The Commission has treated the income tax as an uncontrollable expense and accordingly approved the Gains / Losses on account of income tax in the truing up for FY 2013-14 as detailed in the Table below:

Table 4.27: Income tax and Gains / (Losses) due to income tax approved in the truing up for FY 2013-14

(Rs. Crore)

Sl. No.	Particulars	Approved for FY 2013-14 in MYT order	Approved in truing up for FY 2013-14	Deviation +/(-)	Gains / (Losses) due to controllable factor	Gains / (Losses) due to uncontrollable factor
1	Income Tax	0.00	0.00	0.00	-	0.00

4.6.11 Non-Tariff income

TEL-D has furnished the Non-Tariff income at Rs. 1.53 Crore in the truing up for FY 2013-14 against Rs. 0.20 Crore approved in the MYT order for FY 2013-14 as detailed in the Table below:

Table 4.28: Non-Tariff income claimed for TEL-D for FY 2013-14

(Rs. Crore)

Sl. No.	Particulars	Approved for FY 2013-14 in MYT order	Actual claimed in truing up for FY 2013-14
1	Non-Tariff Income	0.20	1.53

Petitioner's Submission

The Petitioner has submitted that the actual Non-Tariff income for FY 2013-14 is Rs. 1.53 Crore, which is an uncontrollable item.

Commission's Analysis

The Commission has verified the Non-Tariff income with the audited accounts for FY 2013-14 and found to be Rs. 1.53 Crore.

The Commission, accordingly, approves the Non-Tariff income at Rs. 1.53 Crore in the truing up for FY 2013-14.

The deviation in Non-Tariff income at Rs. 1.33 Crore is assessed as a gain and is considered as an uncontrollable item.

The Commission, accordingly, approves the Gains / Losses on account of Non-Tariff income in the truing up for FY 2013-14 as detailed below:

Table 4.29: Non-Tariff income and Gains / (Losses) approved in the truing up for FY 2013-14

(Rs. Crore)

Sl. No.	Particulars	Approved for FY 2013-14 in MYT order	Approved in truing up for FY 2013-14	Deviation +/(-)	Gains / (Losses) due to controllable factor	Gains/ (Losses) due to uncontrollable factor
1	Non-Tariff Income	0.20	1.53	(1.33)	-	(1.33)

4.6.12 Revenue from sale of power

Petitioner's Submission

TEL-D has submitted the revenue from sale of power at Rs. 52.00 Crore in the truing up for FY 2013-14 against Rs. 666.09 Crore approved in the MYT Order for FY 2013-14 as detailed in the Table below:

Table 4.30: Revenue with existing tariff claimed for TEL-D Surat for FY 2013-14

(Rs. Crore)

Sl. No.	Particulars	Approved for FY 2013-14 MYT order	Actual claimed in truing up for FY 2013-14
1	Revenue from existing tariff	666.09	52.00

Commission's Analysis

The Commission considers of revenue of Rs. 52.00 Crore as claimed by TEL-D.

4.6.13 Gains / Losses under truing up for FY 2013-14

The Commission has reviewed the performance of TEL-D under Regulation 22 of GERC (MYT) Regulations, 2011, with reference to audited annual accounts for FY 2013-14.

The Commission has computed the Gains / Losses for FY 2013-14 based on the truing up for each of the components discussed in the above paragraphs.

The Aggregate Revenue Requirement (ARR) approved in the MYT order dated 12th December, 2011 and the actuals claimed in truing up, approved for truing up, Gains / Losses computed in accordance with the GERC (MYT) Regulations, 2011, are as given in the Table below:

Table 4.31: ARR approved in respect of TEL-D in the truing up or FY 2013-14

(Rs. Crore)

Sl. No.	Annual Revenue Requirement	Approved for FY 2013-14 in MYT order	Claimed in truing up for FY 2013-14	Approved in truing up for 2013-14	Deviation +/(-)	Gain/ (Losses) due to controllable factors	Gain/ (Losses) due to uncontrollable factors
1	2	3	4	5	6=(3-5)	7	8
1	Power purchase Cost	602.61	31.64	31.64	570.97	-	570.97
2	Operations and Maintenance expenses	2.53	2.56	2.56	(0.03)	(0.03)	-
3	Depreciation	12.65	3.26	3.26	9.39	-	9.39
4	Interest on Loans	14.75	7.19	7.19	7.56	-	7.56
5	Interest on working capital	1.45	0.00	0.00	1.45	-	1.45
6	Interest on Security Deposit	2.80	1.18	1.18	1.62	-	1.62
7	Bad debts written off	0.00	0.00	0.00	0.00	-	0.00
8	Contingency Reserve	1.35	0.62	0.33	1.02	-	1.02
9	Return on equity	9.50	3.63	3.63	5.87	-	5.87
10	Income Tax	0.00	0.00	0.00	0.00	-	0.00
11	**Total expenditure**	**647.64**	**50.08**	**49.79**	**597.85**	**(0.03)**	**597.88**
12	Less: Non-Tariff Income	0.20	1.53	1.53	(1.33)		(1.33)
13	**Aggregate Revenue Requirement**	**647.44**	**48.55**	**48.26**	**599.18**	**(0.03)**	**599.21**

4.6.14 Sharing of Gains / Losses for FY 2013-14

The Commission has analysed the gains / losses on account of controllable and uncontrollable factors.

The relevant Regulations are extracted below

Regulation 24. Mechanism for pass-through of gains or losses on account of uncontrollable factors

24.1 The approved aggregate gain or loss to the Generating Company or Transmission Licensee or Distribution Licensee on account of uncontrollable factors shall be passed through as an adjustment in the Tariff of the Generating Company or Transmission Licensee or Distribution Licensee over such period as may be specified in the Order of the Commission passed under these Regulations.

24.2 The Generating Company, or Transmission Licensee or Distribution Licensee shall submit such details of the variation between expenses incurred and revenue earned and figures approved by the Commission, in the prescribed format to the Commission, along with detailed computations and supporting documents as may be required for verification by the Commission.

24.3 Nothing contained in this Regulation 24 shall apply in respect of any gain or loss arising out of variations in the price of fuel and power purchase which shall be dealt with as specified by the Commission from time to time.

Regulation 25. Mechanism for sharing of gains or losses on account of controllable factors

25.1 The approved aggregate gain to the Generating Company or Transmission Licensee or Distribution Licensee on account of controllable factors shall be dealt with in the following manner:

One-third of the amount of such gain shall be passed on as a rebate in Tariffs over such period as may be specified in the Order of the Commission under Regulation 22.6;

The balance amount, which will amount to two-thirds of such gain, may be utilised at the discretion of the Generating Company or Transmission Licensee or Distribution Licensee.

25.2 The approved aggregate loss to the Generating Company or Transmission Licensee or Distribution Licensee on account of controllable factors shall be dealt with in the following manner:

a. *One-third of the amount of such loss may be passed on as an additional charge in Tariffs over such period as may be specified in the Order of the Commission under Regulation 22.6; and*

b. *The balance amount, which will amount to two-thirds of such loss, shall be absorbed by the Generating Company or Transmission Licensee or Distribution Licensee."*

TEL-D has considered Rs. 0.70 Crore as Trued up Gap of FY 2011-12 as per Commission Tariff Order dated 27.05.2013 on True-up of FY 2011-12 and Tariff determination of FY 2013-14.

TEL-D has submitted that the summary of Trued up ARR and Revenue Gap for FY 2013-14 as detailed in the Table below.

Table 4.32: ARR and Revenue Gap claimed in the truing up for TEL-D for FY 2013-14

All figures in Rs. Crore		Claimed in truing up
ARR as per MYT	(a)	647.46
Gains/(Losses) due to Uncontrollable Factors	(b)	598.94
Gains/(Losses) due to Controllable Factors	(c)	(0.04)
Pass through as tariff	(d) = -(b+1/3rd of (c))	(598.93)
Trued up ARR	(e) = (a) + (d)	48.53
Revenue from sale of Energy		52.00
Less: Revenue approved towards recovery of earlier years Gap as per T.O. dated 27.05.2013		0.70
Balance Revenue		51.30
Gap / (Surplus)		(2.77)

As stated above, TEL-D has claimed Trued up Gap of Rs. 0.70 Crore pertaining to FY 2011-12. In fact, the Commission has already adjusted the Trued up Gap of FY 2011-12 with projected surplus of FY 2013-14 as mentioned in the Para 5.4 of Tariff Order dated 27.05.2013. It is mentioned in tariff Order dated 27.05.2013 that there is a consolidated surplus of Rs. 18.94 Crore after adjusting true-up gap of FY 2011-12. Though, there was surplus, the Commission did not reduce the tariff and continued with the tariff prevailing at that time.

In view of the above, the Commission doesn't consider the earlier gap of Rs. 0.70 Crore in the true-up of FY 2013-14 as shown in the below table. The ARR and the Revenue Gap/ (Surplus) approved by the Commission are given in the table below:

Table 4.33: Approved Revenue gap for TEL-D for FY 2013-14

(Rs. Crore)

Particulars		**Actual claimed in truing up**	**Approved in True-up**
ARR as per MYT	(a)	647.46	647.44
Gains/(Losses) due to Uncontrollable Factors	(b)	598.94	599.21
Gains/(Losses) due to Controllable Factors	(c)	(0.04)	(0.03)
Pass through as tariff	(d)=-(b+1/3rd of (c))	(598.93)	(599.20)
Trued up ARR	**(e)=(a) + (d)**	**48.53**	**48.24**
Revenue from sale of Energy		52.00	52.00
Less: Revenue approved towards recovery of earlier years Gap		0.70	0.00
Balance Revenue		**51.30**	**52.00**
Gap / (Surplus)		**(2.77)**	**(3.76)**

The Commission has arrived at a revenue surplus of Rs. 3.76 Crore in the truing up for FY 2013-14 as against Rs. 2.77 Crore claimed by TEL-D.

5. Determination of Tariff for FY 2015-16

5.1 Introduction

This chapter deals with the determination of revenue gap/surplus as well as consumer tariff for the FY 2015-16 for TEL-D. Commission has considered the ARR approved in the Mid-term Review for FY 2015-16 and the adjustment on account of True-up for FY 2013-14 while determining the revenue gap/surplus for FY 2015-16.

5.2 Approved ARR for FY 2015-16

Based on the above approach, the Table below summarises the Annual Revenue Requirement as approved by the Commission in the Mid-term Review for the FY 2015-16. Detailed analysis of each expense head has already been provided in the Mid-term Review.

Table 5.1: Approved ARR for FY 2015-16

(Rs. Crore)

Sl. No.	Particulars	Approved for FY 2015-16
1	Power Purchase Cost	56.02
2	O&M Expenses	2.82
3	Depreciation	6.01
4	Interest on Loans	6.07
5	Interest on Working Capital	-
6	Interest on Security Deposit	3.47
7	Bad debts written off	-
8	Contingency Reserve	0.65
9	Return on Equity @14%	5.04
10	Income Tax	-
11	**Total Expenditure**	**80.08**
12	Less: Non-Tariff Income	0.98
13	**Aggregate Revenue Requirement**	**79.10**

5.3 Projected Revenue from existing tariff for FY 2015-16

TEL-D has projected the Revenue from sale of power at Rs. 84.19 Crore for FY 2015-16 with existing Tariff including FPPPA of Rs. 0.62 per unit. The details are given in the Table below:

Table 5.2: Sales and Revenue Projected for FY 2015-16 in the MTR

Sl. No.	Category	Units Sold (MU)	Revenue (Rs. Crore)
1	Non-RGP	0.74	0.39
2	HTP-I	130.12	74.78
3	HTP-II	0.14	0.15
4	HTP-III Temporary	8.72	8.23
5	WWSP	0.10	0.05
6	Temporary	0.67	0.53
7	Street Lighting	0.12	0.05
	Total	**140.61**	**84.19**

Commission's Analysis

The Commission has reviewed the sales and approved the sales of 140.61 MU as projected by TEL-D in the Mid-term Review for FY 2015-16. The Commission approves the sales revenue at Rs. 84.19 Crore including FPPPA @ Rs. 0.62 per kWh for FY 2015-16.

Revenue Gap / (Surplus) for FY 2015-16:

TEL has projected the revenue gap for FY 2015-16 as detailed in the Table below:

Table 5.3: Revenue Gap Projected by TEL-D for FY 2015-16

(Rs. Crore)

Sl. No.	Particulars	FY 2015-16
1	ARR	79.10
2	Revenue from sales of power at existing tariff rates including FPPPA @ Rs. 0.62 per unit	84.19
3	**Net Gap / (Surplus) (2-1)**	**(5.09)**

The cumulative Gap / (Surplus) submitted by TEL-D for FY 2015-16 is given in the table below.

Table 5.4: Cumulative Revenue Gap / (Surplus) for determination of tariff of Dahej Supply Area for FY 2015-16

(Rs. Crore)

Particulars	FY 2015-16
Gap / (Surplus) of FY 2013-14	(2.77)
Carrying Cost as per APTEL Judgement	1.03
Clarification / Rectification Order	(0.39)
Net Gap / (Surplus) of FY 2015-16	**(5.09)**
Cumulative Gap / (Surplus)	**(7.21)**

TEL-D has claimed Rs. 1.03 Crore as carrying cost for the Trued Up gap of FY 2010-11 to FY 2013-14. In the truing up of FY 2010-11, there was a gap of Rs. 3.71 Crore. This gap was adjusted against projected surplus of FY 2011-12 and net surplus of FY 2011-12 worked out as Rs. 8.65 Crore in the Tariff Order dated 12.12.2011. The Commission didn't make any change in the tariff of TEL-D and continued with the tariff prevailing at that point of time in spite there was surplus. In the true-up of FY 2011-12, there was surplus of Rs. 3.01 Crore. The Commission in its Tariff Order dated 27.05.2013 adjusted gap of Rs. 3.71 Crore pertaining to FY 2010-11 and surplus of Rs. 3.01 Crore pertaining to FY 2011-12 with the projected surplus of Rs. 19.64 Crore of FY 2013-14. The net surplus worked out for FY 2013-14 of Rs. 18.94 Crore in the Tariff Order dated 27.05.2013. This year also the Commission didn't reduce the tariff. In the true-up of FY 2012-13, there was surplus of Rs. 3.10 Crore which was added to ARR of FY 2014-15. The net revenue gap for FY 2014-15 was Rs. 3.69 Crore which was inclusive of projected gap of Rs. 0.59 Crore pertaining to FY 2014-15. The Commission has revised the tariff for FY 2014-15 in order to increase the revenue by Rs. 3.43 Crore. In the true-up of FY 2013-14, the Commission has worked out surplus of Rs. 3.76 Crore. In view of the above, there is no past period gap, which is left unaddressed by the Commission. And hence, no carrying cost is allowed.

Further, the Commission has issued a clarification / rectification order on 17.11.2014 on the Petition no. 1439/2014 filed by TEL-D to rectify the trued up gap of FY 2012-13. The trued up gap of FY 2012-13 was revised form Rs. 3.10 Crore to Rs. 2.71 Crore resulting in reduction in gap by Rs. 0.39 Crore. TEL-D in this petition has adjusted this amount of Rs. 0.39 Crore with the projected surplus of FY 2015-16. In this regard, it is to clarify that the amount of Rs. 0.39 Crore pertaining to FY 2012-13 was adjusted by the Commission with the projected surplus of FY 2014-15. The Commission had revised the tariff for FY 2014-15 and anticipated a surplus of Rs. 0.26 Crore in Tariff Order dated 29.05.2014. With the clarification / rectification order, this anticipated surplus gets revised from Rs. 0.26 Crore to Rs. 0.39 Crore. It is decided by the Commission that the actual gap/surplus for FY 2014-15 shall be addressed with the truing up of FY 2014-15 and need not be adjusted with the projected gap/surplus for FY 2015-16.

Accordingly, the Commission has estimated the gap/(surplus) for FY 2015-16 as detailed in the Table below:

Table 5.5: Approved Revenue Gap/(Surplus) for FY 2015-16 at the Existing Tariff

(Rs. Crore)

Sl. No.	Parameters	Approved for FY 2015-16
1	ARR	79.10
2	Revenue from sales of power at existing tariff rates including FPPPA @ Rs. 0.62 per unit	84.19
3	Net Gap / (Surplus) (2-1)	(5.09)
4	Add: Gap / (Surplus) approved for FY 2013-14 in Truing-up	(3.76)
5	Add: Carrying Cost as per APTEL Judgement	0.00
6	Clarification / Rectification Order	0.00
7	**Cumulative Gap / (Surplus)**	**(8.85)**

Accordingly, the Commission approves the revenue Surplus of Rs. 8.85 Crore for TEL-D for determination of tariff for FY 2015-16.

In view of this surplus, the Commission decides to reduce the tariff for all the categories by 50 paise / unit for the energy charges. This will still leave a surplus of Rs. 1.82 Crore which shall be addressed in future true-up.

6. Fuel and Power Purchase Price Adjustment

6.1 Fuel Price and Power Purchase Price Adjustment

The Commission, vide its order in Case No. 1309/2013 and 1313/2013 dated 29.10.2013, has revised the formula for Fuel Price and Power Purchase Cost Adjustment (FPPPA) as mentioned below:

6.2 Formula

FPPPA = [(PPCA-PPCB)]/[100-Loss in %]

Where,

PPCA	is the average power purchase cost per unit of delivered energy (including transmission cost), computed based on the operational parameters approved by the Commission or principles laid down in the power purchase agreements in Rs/kWh for all the generation sources as approved by the Commission while determining ARR and who have supplied power in the given quarter and transmission charges as approved by the Commission for transmission network calculated as total power purchase cost billed in Rs. Million divided by the total quantum of power purchase in Million Units made during the quarter.
PPCB	is the approved average base power purchase cost per unit of delivered energy (including transmission cost) for all the generating stations considered by the Commission for supplying power to the company in Rs/kWh and transmission charges as approved by the Commission calculated as the total power purchase cost approved by the Commission in Rs. Million divided by the total quantum of power purchase in Million Units considered by the Commission.
Loss in %	is the weighted average of the approved level of Transmission and Distribution losses(%) for the four DISCOMs / GUVNL and TEL-D applicable for a particular quarter or actual weighted average in Transmission and Distribution losses (%) for four DISCOMs/ GUVNL and TEL-D of the previous year for which true-up have been done by the Commission, whichever is lower.

Note: Although no purchase from Power Exchange has been considered in the power purchase portfolio as indicated in Mid-term Review Order, in case there is a need to purchase power from the power exchange, the same shall be considered for calculation of PPCA in the FPPPA formula.

6.3 Base Price of Power Purchase (PPCB)

The Commission has approved the total energy requirement and the total Power Purchase Cost for TEL-D including fixed cost, variable cost etc. from the various sources in the Mid-term Review of Business Plan as given in the Table below:

Year	Total Energy Requirement (MU)	Approved Power Purchase cost (Rs Crore)	Power Purchase Cost per unit (Rs/kWh)
FY 2015-16	143.48	56.02	3.90

As mentioned above the base Power Purchase cost for TEL-D is Rs. 3.90 per kWh and the base FPPPA charge is Rs. 0.62 per kWh.

TEL-D may claim difference between actual power purchase cost and base power purchase cost approved in the table above as per the approved FPPPA formula mentioned in para 6.2 above.

Information regarding FPPPA recovery and the FPPPA calculations shall be kept on website of TEL-D.

For any increase in FPPPA, worked out on the basis of above formula, beyond ten (10) paise per kWh in a quarter, prior approval of the Commission shall be necessary and only on approval of such additional increase by the Commission, the FPPPA can be billed to consumers.

FPPPA calculations shall be submitted to the Commission within one month from end of the relevant quarter.

7. Wheeling Charges and Cross-Subsidy Surcharge

7.1 Introduction

Regulation 88.1 of GERC (MYT) Regulations, 2011, stipulates that the Commission shall specify the wheeling charges of distribution wires business of the distribution licensee in its ARR and Tariff order.

7.2 Wheeling charges

Petitioner's Submission

TEL-D has allocated the total ARR expenditure of TEL-D to wheeling and retail supply business considering the distribution infrastructure up to the service line as part of wheeling business and the distribution infrastructure from service line to consumer premises as part of the retail supply business. The segregation of components into wheeling and retail supply business has been done by TEL-D based on the following allocation matrix:

Table 7.1: Allocation matrix for segregation to Wheeling and Retail Supply submitted by TEL-D supply area for FY 2015-16

Sl. No.	Particulars	Wire business (%)	Retail Supply business (%)
1	Power purchase expenses	0	100
2	Employee expenses	60	40
3	Administration and General expenses	50	50
4	Repairs and Maintenance expenses	90	10
5	Depreciation	90	10
6	Interest on long term loan capital	90	10
7	Interest on working capital and consumer security deposit	10	90
8	Bad debt written off	0	100
9	Income tax	90	10
10	Contribution to contingency reserve	100	0
11	Return on equity	90	10
12	Non-Tariff income	10	90

On the basis of the above allocation matrix TEL-D segregated total ARR of TEL-D Dahej supply area into ARR for wheeling and retail supply business as shown below:

a. ARR of Wheeling Business – Rs. 18.14 Crore

b. ARR of Retail Supply Business – Rs. 60.96 Crore

Determination of Wheeling Charges

It is submitted by TEL-D that the sales to the L.T. category are negligible. Hence, it has not segregated the wheeling ARR in the LT and HT category. It has considered the wheeling ARR for determination of wheeling charges. The wheeling charges for FY 2015-16 based on the ARR for FY 2015-16 is as below:

ARR of wheeling Business – Rs. 18.15 Crore
Sales (MU) – 140.61
Wheeling Charges is – Rs. 1.29 per kWh.

It is further submitted by TEL-D that the Open Access consumers will also have to bear the wheeling losses in addition to wheeling charges at 2.00%.

Commission's Analysis

The Commission, in order to compute the wheeling charges and cross subsidy surcharge, has considered the allocation matrix between the wheeling and retail supply business as per GERC (MYT) Regulations, 2011.

The allocation matrix and the basis of allocation of various cost components of the ARR as per GERC (MYT) Regulations, 2011 are shown below:

Table 7.2: Allocation matrix for segregation to Wheeling and Retail Supply for TEL-Dahej Supply Area for FY 2015-16 as per GERC Regulations

Sl. No.	Particulars	Wire Business (%)	Retail Supply Business (%)
1	Power purchase expenses	0	100
2	Employee expensed	60	40
3	Administration and General expenses	50	50
4	Repairs and Maintenance expenses	90	10
5	Depreciation	90	10
6	Interest on long term loan capital	90	10
7	Interest on working capital and consumer security deposit	10	90
8	Bad debt written off	0	100
9	Income tax	90	10
10	Contribution to contingency reserve	100	0
11	Return on equity	90	10
12	Prompt payment rebate	0	100
13	Non-Tariff income	10	90

Based on the above allocation, the approved ARR for wires business and retail supply business are computed as shown below:

Table 7.3: Allocation ARR between wheeling and retail supply business for Dahej for FY 2015-16

(Rs. Crore)

Sl. No.	Particulars	Total	Wire Business	Retail Supply business
1	Power Purchase expenses	56.02	0.00	56.02
2	O&M Expenses	2.82		
	i) Employee Expenses	0.77	0.46	0.31
	ii) R&M Expenses	0.88	0.79	0.09
	iii) A&G Expenses	1.17	0.59	0.59
3	Depreciation	6.01	5.41	0.60
4	Interest on loan	6.07	5.46	0.61
5	Interest on consumer security deposit	3.47	0.35	3.12
6	Interest on working capital	0.00	0.00	0.00
7	Provision for bad debt	0.00	0.00	0.00
8	Income tax	0.00	0.00	0.00
9	Contribution to contingency reserve	0.65	0.65	0.00
10	Return on equity	5.04	4.54	0.50
11	Less: Non-Tariff Income	0.98	0.10	0.88
12	**Net ARR**	79.10	18.15	60.95

The above allocations of ARR are used for determination of charges and cross subsidy surcharge for FY 2015-16.

The Commission considered the proposal of TEL-D for apportionment of ARR between HT and LT voltage level as mentioned in para 7.2, which is also in tune with the judgment of Hon'ble Tribunal in Appeal no 32 of 2012. Based on the above the wheeling charges in cash are approved as given in the Table below:

The wheeling charges are arrived at Rs. 1.29 per kWh as below:

ARR of wheeling business (Rs. Crore)	– 18.15
Sales (MU)	– 140.61
Wheeling Charges	– Rs. 1.29 / kWh.

The Open Access consumer will also have to bear the distribution loss at 2.00% in addition to the wheeling charges.

The Commission approves the wheeling charges at Rs. 1.29 per kWh for FY 2015-16.

7.3 Determination of Cross Subsidy Surcharge

Petitioner's Submission

TEL-D submitted cross-subsidy calculation based on the formula enumerated in the Tariff Policy as shown in the Table below:

Table 7.4: Cross subsidy surcharge for FY 2015-16 submitted by TEL-D

Sl. No.	Particulars	HT Industry
1	T –Tariff for HT Category in Rs/kWh	5.75
2	C – Cost of Top 5% power purchase in Rs/kWh	3.80
3	D – Wheeling charge for HT category in Rs/kWh	1.29
4	L – Loss for HT category in %	2.00%
5	S = Cross subsidy surcharge	Rs 0.59 /kWh

Commission's Analysis

The cross subsidy surcharge based on the formula given in the Tariff Policy is as below:

S = T-[C(1+L/100)+D]

Where,

S is the surcharge

T is the tariff payable by the relevant category of consumers;

C is the weighted average cost of power purchase of top 5% at the margin excluding liquid fuel based generation and renewable power.

D is the Wheeling charges.

L is the system losses for the applicable voltage level, expressed as percentage.

The cross subsidy surcharge based on the above formula is worked out as shown in the Table below:

Table 7.5: Cross subsidy surcharge approved by the Commission for FY 2015-16

Sl. No.	Particular	HT industry
1	T	Rs. 5.25 / kWh
2	C	Rs. 3.80 /kWh
3	D	1.29 Rs/kWh
4	L	2%
5	S = cross subsidy surcharge	8 Ps/kWh

Cross subsidy surcharge

For H.T. : S=5.25-[3.80(1+2/100)+1.29] = Rs. 0.08/kWh

8. Compliance of Directives

TEL-D had complied with all the directives issued prior to issue of the Tariff Orders dated 16th April, 2013.

The Commission, has not issued any fresh directives in the Tariff Order dated 29th April, 2014.

COMMISSION'S ORDER

The Commission approves the revised Aggregate Revenue Requirement (ARR) for TEL-D for FY 2015-16, as shown in the Table below:

Approved ARR for TEL-D for FY 2015-16

(Rs. Crore)

Sl. No.	Particulars	FY 2015-16
1	Power purchase Cost	56.02
2	Operations and Maintenance expenses	2.82
3	Depreciation	6.01
4	Interest on Loans	6.07
5	Interest on Working Capital	-
6	Interest on Security Deposit	3.47
7	Bad debts written off	-
8	Contingency Reserve	0.65
9	Return on equity	5.04
10	Income Tax	-
11	**Total expenditure**	**80.08**
12	Less: Non-Tariff income	0.98
13	**Aggregate Revenue Requirement**	**79.10**

The retail supply tariffs for TEL-D Distribution area for FY 2015-16 determined by the Commission are annexed to this order.

This order shall come into force with effect from the 1st April, 2015. The revised rate shall be applicable for the electricity consumption from the 1st April, 2015 onwards.

ANNEXURE: TARIFF SCHEDULE

TARIFF FOR SUPPLY OF ELECTRICITY AT LOW TENSION, HIGH TENSION, AND EXTRA HIGH TENSION

Effective from 1st April, 2015

GENERAL CONDITIONS

1. The tariff figures indicated in this tariff schedule are the tariff rates payable by all the consumers of Torrent Energy Limited – Distribution in the Dahej SEZ area.

2. These tariffs are exclusive of Electricity Duty, tax on sale of electricity, taxes and other charges levied by the Government or other competent authorities from time to time which are payable by the consumers, in addition to the charges levied as per the tariff.

3. All these tariffs for power supply are applicable to only one point of supply.

4. The charges specified are on monthly basis. Distribution Licensee may decide the period of billing and adjust the tariff rate accordingly.

5. Except in cases where the supply is used for purpose for which a lower tariff is provided in the tariff schedule, the power supplied to any consumer shall be utilized only for the purpose for which supply is taken and as provided for in the tariff.

6. Meter charges shall be applicable as prescribed under 'GERC (Licensee's Power to Recover Expenditure incurred in providing supply and other Miscellaneous Charges) Regulations, 2005 as in force from time to time.

7. The various provisions of the GERC (Licensee's power to recover expenditure incurred in providing supply and other miscellaneous charges) Regulations will continue to apply.

8. Conversion of Ratings of electrical appliances and equipments from kilowatt to B.H.P. or vice versa will be done, when necessary, at the rate of 0.746 kilowatt equal to 1 B.H.P.

9. The billing of fixed charges based on contracted load or maximum demand shall be done in multiples of 0.5 (one half) Horse Power or kilo watt (HP or kW) as the case may be.

The fraction of less than 0.5 shall be rounded to next 0.5. The billing of energy charges will be done on complete one kilo-watt-hour (kWh).

10. The Connected Load for the purpose of billing will be taken as the maximum load connected during the billing period.

11. The Fixed charges, minimum charges, demand charges, meter rent and the slabs of consumption of energy for energy charges mentioned shall not be subject to any adjustment on account of existence of any broken period within billing period arising from consumer supply being connected or disconnected any time within the duration of billing period for any reason.

12. Contract Demand shall mean the maximum kW for the supply of which licensee undertakes to provide facilities to the consumer from time to time.

13. Fuel Cost and Power Purchase Adjustment Charges shall be applicable in accordance with the Formula approved by the Gujarat Electricity Regulatory Commission from time to time.

14. Payment of penal charges for usage in excess of contract demand / load for any billing period does not entitle the consumer to draw in excess of contract demand / load as a matter of right.

15. The payment of power factor penalty does not exempt the consumer from taking steps to improve the power factor to the levels specified in the Regulations notified under the Electricity Act, 2003 and licensee shall be entitled to take any other action deemed necessary and authorized under the Act.

16. Delayed payment charges for all consumers:

    No delayed payment charges shall be levied if the bill is paid within ten days from the date of billing (excluding date of billing).

    Delayed payment charges will be levied at the rate of 15% per annum for the period from the due date till the date of payment.

    For Government dues, the delayed payment charges will be levied at the rate provided under the relevant Electricity Duty Act.

PART - I

SCHEDULE OF TARIFF FOR SUPPLY OF ELECTRICITY

AT LOW AND MEDIUM VOLTAGE

1.0 Rate: RGP

This tariff is applicable to all services in the residential premises.

Single-phase supply: Aggregate load up to 6 kW

Three-phase supply: Aggregate load above 6 kW

1.1 Fixed Charges/Month:

Range of Connected Load:

(a)	Up to and including 2 kW	Rs. 5/- per month
(b)	Above 2 and up to 4 kW	Rs. 15/- per month
(c)	Above 4 and up to 6 kW	Rs. 30/- per month
(d)	Above 6 kW	Rs. 45/- per month

PLUS

1.2 Energy Charges: For the total monthly consumption:

(a)	First 50 units	275 Paise per Unit
(b)	Next 50 units	305 Paise per Unit
(c)	Next 150 units	370 Paise per Unit
(d)	Above 250 units	460 Paise per Unit

1.3 Minimum bill (excluding meter charges)

Payment of fixed charges as specified in 1.1 above.

2.0 Rate: Non-RGP

This tariff is applicable to the services for the premises those are not covered in any other tariff categories and having aggregate load up to and including 40 kW.

2.1 Fixed charges per month:

(i) Up to and including 10 kW of connected load	Rs. 30/- per kW
(ii) Above 10 and up to 40 kW of connected load	Rs. 55/- per kW

PLUS

2.2 Energy charges:

(a)	For installation having contracted load up to and including 10 kW: for entire consumption during the month	370 Paise per Unit
(b)	For installation having contracted load exceeding 10 kW: for entire consumption during the month	400 Paise per Unit

2.3 Minimum Bill

Minimum bill per installation per month for consumers other than Seasonal Consumers:

Payment of Fixed Charge as specified in 2.1 above.

2.4 Minimum Bill per Installation for Seasonal Consumers

a) “Seasonal Consumer”, shall mean a consumer who takes and uses power supply for ice factory, ice candy machines, ginning and pressing factory, oil mill, rice mill, huller, salt industry, sugar factory, khandsari, cold storage plants (including such plants in fisheries industry), tapioca industries manufacturing starch, etc.

b) Any consumer, who desires to be billed for the minimum charges on annual basis shall intimate to that effect in writing in advance about the off-season period during which energy consumption, if any, shall be mainly for overhauling of the plant and machinery. The total period of the off-season so declared and observed shall be not less than three calendar months in a calendar year.

c) The total minimum amount under the head “Fixed and Energy Charges” payable by the seasonal consumer satisfying the eligibility criteria under sub- clause (a) above and complying with the provision stipulated under sub-clause (b) above shall be Rs. 1600/- per annum per kW of the contracted load.

d) The units consumed during the off-season period shall be charged for at a flat rate of 385 Paise per unit.

e) The electricity bills related to the off-season period shall not be taken into account towards the amount payable against the annual minimum bill. The amount paid by the consumer towards the electricity bills related to the seasonal period only under the heads “Fixed Charges” and “Energy Charges”, shall be taken into account while determining the amount of short- fall payable towards the annual minimum bill as specified under sub-clause (c) above.

3.0 Rate: LTMD

This tariff is applicable to the services for the premises those are not covered in any other tariff categories and having aggregate load above 40 kW and up to 100 kW.

This tariff shall also be applicable to consumer covered in category- 'Rate: Non-RGP' so opts to be charged in place of 'Rate: Non-RGP' tariff.

3.1 Fixed charges:

(a)	**For billing demand up to the contract demand**	
	(i) For first 40 kW of billing demand	Rs. 65/- per kW per month
	(ii) Next 20 kW of billing demand	Rs. 100/- per kW per month
	(iii) Above 60 kW of billing demand	Rs. 165/- per kW per month
(b)	**For billing demand in excess of the contract demand**	Rs. 210/- per kW

PLUS

3.2 Energy charges:

For the entire consumption during the month	405 Paise per unit

PLUS

3.3 Reactive Energy Charges:

For all the reactive units (KVARH) drawn during the month	10 Paise per KVARH

3.4 Billing Demand

The billing demand shall be highest of the following:

(a) Eighty-five percent of the contract demand

(b) Actual maximum demand registered during the month

(c) 15 kW

3.5 Minimum Bill

Payment of demand charges every month based on the billing demand.

3.6 Seasonal Consumers taking LTMD Supply:

3.6.1 The expression, "Seasonal Consumer", shall mean a consumer who takes and uses power supply for ice factory, ice-candy machines, ginning and pressing factory, oil mill, rice mill, salt industry, sugar factory, khandsari, cold storage plants (including such plants in fishery industry), tapioca industries manufacturing starch, pumping load or irrigation, white coal manufacturers etc.

3.6.2 A consumer, who desires to be billed for minimum charges on annual basis, shall intimate in writing in advance about the off-season during which energy consumption, if any, shall be mainly for overhauling of the plant and machinery. The off-season period at any time shall be a full calendar month/months. The total period of off-season so declared and observed shall be not less than three calendar months in a calendar year.

3.6.3 The total minimum amount under the head "Demand and Energy Charges" payable by a seasonal consumer satisfying the eligibility criteria under sub clause 5.6.1 above and complying with provisions stipulated under sub clause 5.6.2 above shall be Rs.
2700/- per annum per kW of the billing demand.

3.6.4 <u>The billing demand shall be the highest of the following</u>:

(a) The highest of the actual maximum demand registered during the calendar year.
(b) Eighty-five percent of the arithmetic average of contract demand during the year.
(c) 15 kW.

3.6.5 Units consumed during the off-season period shall be charged for at the flat rate of 385 Paise per unit.

4.0 <u>Rate: Non-RGP Night</u>

This tariff is applicable for aggregate load up to 40 kW and using electricity **<u>exclusively during night hours</u>** from 10.00 PM to 06.00 AM next day. (The supply hours shall be regulated through time switch to be provided by the consumer at his cost.)

4.1 Fixed Charges per month:

Fixed charges specified in Rate Non-RGP above.

PLUS

4.2 Energy Charges:

For entire consumption during the month	200 Paise per unit

<u>NOTE:</u>

1. *10% of total units consumed and 15% of the contract load can be availed beyond the*

prescribed hours.

2. *This tariff shall be applicable if the consumer so opts to be charged in place of Non-RGP tariff by using electricity exclusively during night hours as above.*
3. *The option can be exercised to switch over from Non-RGP tariff to Non-RGP Night tariff and vice versa twice in a calendar year by giving not less than one month's notice in writing.*
4. *In case the consumer is not fulfilling the conditions of this tariff category, then such consumer for the relevant billing period will be billed under tariff category Non-RGP.*

5.0 Rate: LTMD- Night

This tariff is applicable for aggregate load above 40 kW and using electricity **exclusively during night hours** from 10.00 PM to 06.00 AM next day. (The supply hours shall be regulated through time switch to be provided by the consumer at his cost.)

5.1 Fixed Charges per month:

Fixed charges specified in Rate **LTMD** above.

PLUS

5.2 Energy Charges:

For entire consumption during the month	200 Paise per unit

5.3 Reactive Energy Charges:

For all reactive units (KVARH) drawn during the month	10 Paise per KVARH

NOTE:

1. *10% of total units consumed and 15% of the contract load can be availed beyond the prescribed hours.*
2. *This tariff shall be applicable if the consumer so opts to be charged in place of LTMD tariff by using electricity exclusively during night hours as above.*
3. *The option can be exercised to switch over from LTMD tariff to LTMD- Night tariff and vice versa twice in a calendar year by giving not less than one month's notice in writing.*
4. *In case the consumer is not fulfilling the conditions of this tariff category, then such consumer for the relevant billing period will be billed under tariff category LTMD.*

6.0 Rate: WWSP

This tariff shall be applicable to services used for water works and sewerage pumping purposes.

(a)	Fixed charges per month	Rs. 15 per HP
	PLUS	
(b)	Energy charges per month: For entire consumption during the month	365 Paise per Unit

7.0 Rate: SL

7.1 Tariff for Street Light for Local Authorities and Industrial Estates:

This tariff includes the provision of maintenance, operation and control of the street lighting system.

7.1.1 Energy Charges:

For all the units consumed during the month	340 Paise per unit

7.1.2 Renewal and Replacements of Lamps:

The consumer shall arrange for renewal and replacement of lamp at his cost by person authorised by him in this behalf under Rule-3 of the Indian Electricity Rules, 1956 / Rules issued by CEA under the Electricity Act, 2003.

7.1.3 Maintenance other than Replacement of Lamps:

Maintenance of the street lighting system shall be carried out by Distribution Licensee.

8.0 Rate: TMP

This tariff is applicable to services of electricity supply for temporary period at the low voltage.

8.1 FIXED CHARGE

Fixed charger per installation	Rs. 14 per kW per Day

8.2 ENERGY CHARGE

A flat rate of	405 Paise per unit

Note: Payment of bills is to be made within seven days from the date of issue of the bill. Supply would be disconnected for non-payment of dues on 24 hours' notice.

PART-II

TARIFFS FOR SUPPLY OF ELECTRICITY AT HIGH TENSION (3.3 KV AND ABOVE, 3-PHASE 50 C/S), AND EXTRA HIGH TENSION

The following tariffs are available for supply at high tension for large power services for contract demand not less than 100 kVA

9.0 Rate: HTP-I

This tariff will be applicable for supply of electricity to HT consumers contracted for 100 kVA and above for regular power supply and requiring the power supply for the purposes not specified in any other HT Categories.

9.1 Demand Charges;

9.1.1 For billing demand up to contract demand

(a)	For first 500 kVA of billing demand	Rs. 100/- per kVA per month
(b)	For next 500 kVA of billing demand	Rs. 200/- per kVA per month
(c)	For billing demand in excess of 1000 kVA	Rs. 270/- per kVA per month

9.1.2 For Billing Demand in Excess of Contract Demand

For billing demand in excess over the contract demand	Rs. 370 per kVA per month

PLUS

9.2 Energy Charges

For entire consumption during the month		
(a)	up to 500 kVA of billing demand	370 Paise per Unit
(b)	For next 2000 kVA of billing demand	390 paise per Unit
(c)	For billing demand in excess of 2500 kVA	400 Paise per Unit

PLUS

9.3 Time of Use Charges:

For energy consumption during the two peak periods, viz., 0700 Hrs. to 1100 Hrs. and 1800 Hrs. to 2200 Hrs.	
(a) For Billing Demand up to 500 kVA	35 Paise per Unit
(b) For Billing Demand above 500 kVA	75 Paise per Unit

9.4 Billing Demand:

The billing demand shall be the highest of the following:

(a) Actual maximum demand established during the month

(b) Eighty-five percent of the contract demand

(c) One hundred kVA

9.5 Minimum Bills:

Payment of "demand charges" based on kVA of billing demand.

9.6 Power Factor Adjustment Charges:

9.6.1 Penalty for poor Power Factor:

a) The power factor adjustment charges shall be levied at the rate of 1% on the total amount of electricity bills for the month under the head "Energy Charges" for every 1% drop or part thereof in the average power factor during the month below 90% up to 85%.

b) In addition to the above clause, for every 1% drop or part thereof in average power factor during the month below 85% at the rate of 2% on the total amount of electricity bill for that month under the head "Energy Charges", will be charged.

9.6.2 Power Factor Rebate:

If the power factor of the consumer's installation in any month is above 95%, the consumer will be entitled to a rebate at the rate of 0.5% (half percent) in excess of 95% power factor on the total amount of electricity bill for that month under the head "Energy Charges" for every 1% rise or part thereof in the average power factor during the month above 95%.

9.7 Maximum Demand and its Measurement:

The maximum demand in kW or kVA, as the case may be, shall mean an average KW/KVA supplied during consecutive 30/15 minutes or if consumer is having parallel operation with the grid and has opted for 3 minutes, period of maximum use where such meter with the features of reading the maximum demand in KW/KVA directly, have been provided.

9.8 Contract Demand:

The contract demand shall mean the maximum KW/KVA for the supply, of which the supplier undertakes to provide facilities from time to time.

9.9 Rebate for Supply at EHV:

On Energy charges:		**Rebate @**
(a)	If supply is availed at 33/66 kV	0.5%
(b)	If supply is availed at 132 kV and above	1.0%

9.10 Concession for Use of Electricity during Night Hours:

For the consumer eligible for using supply at any time during 24 hours, entire consumption shall be billed at the energy charges specified above. However, the energy consumed during night hours of 10.00 PM to 06.00 AM next morning (recorded by a polyphase meter operated through time-switch) as is in excess of one third of the total energy consumed during the month, shall be eligible for concession at the rate of 75 Paise per unit. The polyphase meter and time switch shall be procured and installed by the consumer at his cost and sealed by the Distribution Licensee.

9.11 Seasonal Consumers taking HT Supply:

9.11.1 The expression, "Seasonal Consumer", shall mean a consumer who takes and uses power supply for ice factory, ice-candy machines, ginning and pressing factory, oil mill, rice mill, salt industry, sugar factory, khandsari, cold storage plants (including such plants in fishery industry), tapioca industries manufacturing starch, pumping load or irrigation, white coal manufacturers etc.

9.11.2 A consumer, who desires to be billed for minimum charges on annual basis, shall intimate in writing in advance about the off-season during which energy consumption, if any, shall be mainly for overhauling of the plant and machinery. The off-season period at any time shall be a full calendar month/months. The total period of off-season so declared and observed shall be not less than three calendar months in a calendar year.

9.11.3 The total minimum amount under the head "Demand and Energy Charges" payable by a seasonal consumer satisfying the eligibility criteria under sub clause 13.11.1 above and complying with provisions stipulated under sub clauses 13.11.2 above shall be Rs. 4000/- per annum per kVA of the billing demand.

9.11.4 <u>The billing demand shall be the highest of the following</u>:

(a) The highest of the actual maximum demand registered during the calendar year.

(b) Eighty-five percent of the arithmetic average of contract demand during the year.

(c) One hundred kVA.

9.11.5 Units consumed during the off-season period shall be charged for at the flat rate of 370 Paise per unit.

9.11.6 Electricity bills paid during off-season period shall not be taken into account towards the amount payable against the annual minimum bill. The amount paid by the consumer towards the electricity bills for seasonal period only under the heads "Demand Charges" and "Energy Charges" shall be taken into account while determining the amount payable towards the annual minimum bill.

10.0 Rate HTP-II

Applicability: This tariff shall be applicable for supply of energy to HT consumers contracting for 100 KVA and above, requiring power supply for Water Works and Sewerage pumping stations.

10.1 Demand Charges:

10.1.1 For billing demand up to contract demand

(a)	For first 500 kVA of billing demand	Rs. 90/- per kVA per month
(b)	For next 500 kVA of billing demand	Rs. 190/- per kVA per month
(c)	For billing demand in excess of 1000 kVA	Rs. 250/- per kVA per month

10.1.2 For billing demand in excess of contract demand

For billing demand in excess of contract demand	Rs. 335 per kVA per month

PLUS

10.2 Energy Charges:

For entire consumption during the month		
(a)	up to 500 kVA of billing demand	370 Paise per Unit
(b)	For next 2000 kVA of billing demand	390 Paise per Unit
(c)	For billing demand in excess of 2500 kVA	400 Paise per Unit

PLUS

10.3 Time of Use Charges:

For energy consumption during the two peak periods, viz., 0700 Hrs. to 1100 Hrs. and 1800 Hrs. to 2200 Hrs.	
(a) For Billing Demand up to 500 kVA	35 Paise per Unit
(b) For Billing Demand above 500 kVA	75 Paise per Unit

10.4	Billing demand	Same as per HTP-I Tariff
10.5	Minimum bill	
10.6	Power Factor Adjustment Charges	
10.7	Maximum demand and its measurement	
10.8	Contract Demand	
10.9	Rebate for supply at EHV	

11.0 Rate: HTP-III

This tariff shall be applicable to a consumer taking supply of electricity at high voltage, contracting for not less than 100 kVA for temporary period. A consumer not taking supply on regular basis under a proper agreement shall be deemed to be taking supply for temporary period.

11.1 Demand Charges:

For billing demand up to contract demand	Rs. 462/- per kVA per month
For billing demand in excess of contract demand	Rs. 550/- per kVA per month

PLUS

11.2 Energy Charges:

For all units consumed during the month	610 Paise / Unit

PLUS

11.3 Time of Use Charges:

Additional charge for energy consumption during two peak periods, viz. 0700 Hrs. to 1100 Hrs. an 1800 Hrs. to 2200 Hrs.	75 Paise per unit

11.4	Billing demand	Same as per HTP-I Tariff
11.5	Minimum bill	
11.6	Power Factor Adjustment Charges	
11.7	Maximum demand and its measurement	
11.8	Contract Demand	
11.9	Rebate for supply at EHV	

12.0 Rate: HTP-IV

This tariff shall be applicable for supply of electricity to HT consumers opting to use electricity exclusively during night hours from 10.00 PM to 06.00 AM next day and contracted for regular power supply of 100 kVA and above.

12.1 Demand Charges:

Same rates as specified in rate HTP-I

PLUS

12.2 Energy Charges:

For all units consumed during the month	180 Paise per unit

12.3 Billing demand
12.4 Minimum bill
12.5 Power Factor Adjustment Charges
12.6 Maximum demand and its measurement
12.7 Contract Demand
12.8 Rebate for supply at EHV

Same as per HTP-I Tariff

NOTE:

1. *10% of total units consumed and 15% of the contract demand can be availed beyond the prescribed hours for the purpose of maintenance.*
2. *For the purpose of office lighting, fans etc. the consumer may apply for a separate connection.*
3. *This tariff shall be applicable if the consumer so opts to be charged in place of HTP-I tariff by using electricity exclusively during night hours as above.*
4. *The option can be exercised to switch over from HTP-I tariff to HTP-IV tariff and vice versa twice in a calendar year by giving not less than one month's notice in writing.*
5. *In case the consumer is not fulfilling the conditions of this tariff category, then such consumer for the relevant billing period will be billed under tariff category HTP-I.*
